Royal Outdoor Railings

Designed for Your Lifestyle

Welcome home...

What does the outside of your home say to you — and your guests? Is it inviting, welcoming you inside? With elegant railings from Royal Outdoor Products, it will.

Railing systems from Royal Outdoor Products offer a wealth of benefits to make your life easier, while setting just the right tone for your home's exterior. Whether you're looking for something traditional or more contemporary, we have a style for you.

Built for Life

Our railings are constructed to handle daily wear-and-tear for years to come. From the sun beating down to the wind blowing through, to guests taking a seat for a chat, you'll have no more worries.

Metal reinforcements enhance the durability of the railing and help ensure compliance with construction codes. Royal Outdoor Railings feature aluminum H-channel, 12-gauge or 16-gauge U-channel galvanized steel reinforcements; availability varies by style.

Carefree maintenance

These days, it seems everyone is looking for ways to simplify their lives. Our railing systems can help, because there's virtually no maintenance required. Just spray with a hose to whisk away dirt, and you're done. There's no staining, painting or sealing required. So your time is truly yours, to enjoy however you'd like.

Caps

Elegant post caps add character and style

Steadfast durability

A sturdy, smartly designed connection system – complete with fitted mounts for a seamless appearance – makes installation simple, while adding strength to your railing system as a whole. Because there are no exposed fasteners, you won't have to deal with rusting or weakening of railing joints.

Skirts

Post skirts give a finished appearance

Lasting beauty

Rain. Snow. Heat. Humidity. Whatever your climate brings, our railings will handle it with ease. UV protection keeps colors looking rich and consistent, while our resilient, 100% vinyl construction resists water absorption and warping. As a result, your railings will maintain their original strength and beauty for years to come. To give you that assurance, we've backed them with a Limited Lifetime Transferable Warranty.

Center Support Foot

Optional center supports provide additional strength to the bottom rail

Sleeve Lumber & Wall Mounts

Lets you add our carefree vinyl railings by sliding our posts over existing 4" x 4" lumber

Deck Mount

Made to easily attach to a wooden substructure with our routed post system

Surface Mounts

Designed to mount railings directly to concrete and other solid surfaces
